**A Mother Tells How She Saved Her Little Daughter's Life.**  
I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in the worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines I ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved a great deal of anxiety and my little daughter much suffering. —Mrs. Geo. F. Burdick, Lib-

Section 2. of article 3 of the constitution of this State is hereby amended so as to read: Sec. 2. The supreme court shall consist of seven justices, who shall be chosen by the electors of the State. The justices in office at the time this amendment takes effect shall hold their offices for the terms for which they were severally elected and until their successors are elected and qualified. As soon as practicable the cases assigned to the two divisions shall be divided equally between the two divisions. The governor shall appoint four justices, to hold their offices until the second Monday in January, 1903.
